We will be reading biographies from the *Historia Augusta*. The course will help develop the skill of translation and improve knowledge of Latin syntax and vocabulary. Attention will also be given to textual criticism. Additionally, we will be discussing the historical veracity of the work, the context in which it was written, and, when possible, how it compares to other works dealing with the same events.

**This section will meet in person Thursdays E1-E2 in the Classics Seminar Room in 125 Dauer**

**Text:** We will be using the Teubner edition
