COVID-19 STATEMENT:

Your microphone should be off unless you are the one speaking in class to cut down on background noise. You can use the chat box or raise hand function, or simply unmute your mic when you are ready to participate in our discussions. See below for exceptions to this policy.

Our class sessions may be audio-visually recorded for students in the class to refer to and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate verbally are agreeing to have their voices recorded.

If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all UF courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Disclaimer: This syllabus represents the current course plans and objectives. As we go through the semester, those plans may need to change to enhance the class learning opportunity. Such changes, communicated clearly, are not unusual and should be expected.
